

The background of the slide features a tall, modern skyscraper at night, with many windows illuminated. The building is partially obscured by a large, stylized graphic element on the left side, which is a red and orange wave-like shape with a grid of white dots. The right side of the slide is a solid red background.

How to Get Started

Login & Logout (FTL)

Login adalah proses dimana pengguna melakukan akses ke sistem yang dikontrol dengan identifikasi pengguna menggunakan kredensial yang diberikan oleh pengguna. Sistem akan melakukan validasi setelah pengguna mengklik tombol *login*.

Logout adalah proses dimana pengguna memutuskan untuk *logout* dari sistem ketika akses tidak diperlukan lagi setelah sebelumnya *login*.

Login is the process where a user accesses a controlled system by identifying themselves using credentials provided by the user. The system will perform validation after the user clicks the login button.

Logout is the process where the user decides to log out of the system when access is no longer needed after previously logging in.
